

Welcome to **MOUD ECHO**

Get the most out of your ECHO Experience!

MEDICATION FOR TREATMENT OF OPIOID USE DISORDER (MOUD) ECHO IS A TELE-ECHO EDUCATION AND SUPPORT PROGRAM THAT IS BROUGHT TO YOU BY NM OPIOID HUB, A PROGRAM OPERATED BY UNIVERSITY OF NEW MEXICO SCHOOL OF MEDICINE (UNM SOM) AND FUNDED BY NEW MEXICO HEALTH CARE AUTHORITY (HCA).

You have been added to the MOUD ECHO listserv.

**This email contains info, guides, forms, and links for this program.
This email is to help you optimize your participation in our sessions.**

SESSION INFORMATION

Sessions are every 2nd & 4th Tuesday from 12:00 - 1:00 PM MST.

Session Registration: Zoom registration links are provided via email announcements the Monday before each session. Register individually for each session you want to attend.

Session Structure: The first half of MOUD ECHO sessions is a didactic presented by the hub team. The second half of the session is a de-identified case presentation by a participant.

Recording Notice: Presentations are recorded so please mute yourself during the presentation. Hub team members will answer questions in the chat and at the end of the presentation. Q&A and case presentations are never recorded.

Education Curriculum: The MOUD ECHO curriculum is updated for 12-week cycles to cover core content, special topics, and guest presenters. Core content includes key aspects of prescribing with a focus on buprenorphine in clinic settings, including an overview of MOUD, psychosocial supports, and clinic-level resources and skills.

PROGRAM PARTICIPATION

Please introduce yourself and participate at our sessions!

Participation: MOUD ECHO follows the Project ECHO Model. Participation and collaboration

are a critical part of the model. Please introduce yourself to the hub and network when you join a session. You should plan to participate in case reviews and present a case at least once. If you do not participate at sessions, you may be removed from the session and/or listserv.

- [Learn More about the Project ECHO Model.](#)

Participation Guides: New to ECHOs? These guides can help you! The *ECHO Glossary* defines roles and terms that are relevant to our teleECHO™ clinic. *A Beginner's Guide to an ECHO Session* explains the basic structure of a teleECHO™ clinic session so you know what to expect when you attend our sessions. *The Anatomy of an ECHO Guide and The VTC Etiquette Guide* explains the rules of participation that will help you and your colleagues feel comfortable to speak and present during case reviews.

- [Download The Beginner's Guide to an ECHO Session.](#)
- [Download The Anatomy of an ECHO and the VTC Etiquette Guide.](#)

Don't want to participate? If you do not want to participate in case reviews, we strongly recommend that you consider joining one of our MOUD webinars instead. Email the program coordinator at rmabeyta@salud.unm.edu to be removed and receive webinar information.

CASE REVIEWS

Volunteer to present a case at an upcoming session!

Every MOUD ECHO session provides 30 minutes for participants to present de-identified patient/client questions for input from subject matter experts on the hub team and other providers from the network. Scheduled case reviews are always given priority at sessions but ad hoc cases are welcome. Simulated cases based on general questions are also welcome. Every participants is expected to present a case at least once, so please volunteer to present!

- [Download the Case Presentation Form.](#)

How to Present a Case:

1. Fill out as much of the 2-page form of you can.
2. Anonymize your form. Real patients must be de-identified.
3. Submit the form to the program coordinator prior to the session:
rmabeyta@salud.unm.edu

Please ensure no identifying information regarding the patient is conveyed in your form or verbal presentation. This includes even small details about the client/patient, their family, friends, workplace or similar that could identify them.

The Hub team will be prepared to go through the case with you and facilitate discussion at the session. A form with the summary of recommendations will be provided to you after the session.

CONTINUING EDUCATION

Attend 8 sessions to fulfill all DEA education requirements!

All session participants receive an email with continuing education information 1-2 business days after each session. The information is also provided below and can be saved for easy access.

CMEs: Each session offers 1.0 *AMA PRA Category 1 Credit[™]* towards Continuing Medical Education (CME). Our CME credits are provided through the New Mexico Medical Society (NMMS). Our CME credits fulfill New Mexico Medical Board Pain Management requirements as

well as DEA education requirements for the MATE Act. Our CME credits also meet CNE contact hour requirements for the New Mexico Board of Nursing.

- [REDACTED]

CEUs: Each session offers 1.0 credit towards Continuing Education Units (CEU). CEU credits are provided through the New Mexico Counseling and Therapy Practice Board.

- [REDACTED]

Notice: If you attend any session by phone (calling-in) or in a group setting (2+ people), the person who registers through zoom must send an email to rmabeyta@salud.unm.edu so all persons attending can be included in attendance and qualify for continuing education credit.

PROGRAM RESOURCES

Take a moment to learn about our resources available to you!

Visit our web page for more info and updates: This page on the NM Bridge website will always have the most updated information and resources for the program. You can find the current curriculum schedule, case presentation availability, hub team info, and more.

- <https://www.nmbridge.com/moud-echo/>

Watch our recorded didactics from our sessions on YouTube: Go to "playlists" to find recorded lectures from the current cycle and last cycle. You can find the latest recording of core lecture topics under "MOUD ECHO Core Topics." For additional material from our hub and guest speakers, you can view "Rotating Lectures" and "Bonus Lectures."

- <https://www.youtube.com/@MOUDECHO>

When you have urgent questions about OUD treatment: Call the New Mexico Poison & Drug Information Center to reach extensively trained toxicologist pharmacists and on-call addiction medicine specialists for questions about treating OUD, opioid withdrawal management, buprenorphine initiation, kratom, complex cases, etc.

- <https://hsc.unm.edu/poison/>

24/7/365 MOUD Consult Hotline: 1-800-222-1222

Invite your colleagues to join!

Please share our flier with any other eligible prescribers who want to learn more about OUD and would benefit from joining the program! MOUD ECHO is open to all prescribers (MD, DO, PA, NP, other advanced practitioners, and prescribing pharmacists) who are interested in prescribing buprenorphine to patients.
